

ENGINE MANAGEMENT SENSORS

Features & Benefits of Auto-Kool Engine Management Sensors:

- OEM Quality Materials & Design
- State of the Art Production & Testing Equipment
- Life-cycle Tested for OEM Caliber Voltage/Current Output, Resistance & Durability
- Packaged with Installation Hardware where Applicable

4,700+ ENGINE MANAGEMENT SENSOR SKUS AVAILABLE COVERING TOP HIGH FAILURE RATE DOMESTIC & IMPORT APPLICATIONS

Air Charge & Ambient Air Temp. Sensors
Barometric Pressure Sensors
Diesel Exhaust Fluid (DEF) Level Sensors
Diesel Particulate Filter (DPF) Pressure Sensors
Disc Brake Pad Wear Sensors
Engine Camshaft & Crankshaft Position Sensors
Engine Coolant Temp. Sensors
Engine Oil Level, Temp. & Pressure Sensors
Engine Oil Pump Flow Control Valves
Engine Variable Valve Timing (VVT) Oil Control/Pressure Sensors
Exhaust Ammonia & Back-Pressure Sensors
Exhaust Gas Differential Pressure Sensors
Exhaust Gas Recirculation (EGR) Pressure & Valve Temp. Sensors
Exhaust Gas Temp. (EGT) Sensors
Flex Fuel Sensors
Fuel Injection Pressure Sensors
Fuel Tank Pressure Sensors
HVAC Heater Core Temp. Sensors
Ignition Knock (Detonation) Sensors
Manifold Absolute Pressure (MAP) Sensors
Mass Air Flow (MAF) Sensors
Nitrogen Oxide (NOx) Sensors
Oxygen Sensors
Tachometer Sensors
Throttle Position Sensors
Transmission Oil Pressure/Temp. Sensors
Turbocharger Boost & Speed Sensors
Vapor Canister Purge Solenoid
Washer Fluid Level Sensors
Water In Fuel (WiF) Sensors

Engine Management Sensors oversee a range of factors across various automotive systems including air intake, fuel injection, exhaust, and temperature. They supply live data to the engine control unit (ECU) to enhance fuel delivery, ignition timing, and overall performance for better combustion and lower emissions. These sensors are vital for sustaining the engine's ideal operating state and guaranteeing seamless functionality.

FEATURED FAST MOVERS:

Exhaust Gas Recirculation (EGR) Pressure Sensor

Fits: 1994-2011 Ford, Jaguar, Lincoln, Mercury

Engine Crank/Cam Shaft Position Sensor

Fits: 2000-2020 Nissan

Engine Coolant Temperature Sensor

Fits: 1988-2020 Buick, Cadillac, Chevrolet/GMC, Daewoo, Isuzu, Pontiac, Saturn

Ignition Knock (Detonation) Sensor

Fits: 2002-2011 Acura, Honda
